PROFESSIONAL SUMMARY

Pioneering the evolution of motion design by transforming complex concepts into captivating visual narratives. Creator of revolutionary design systems that amplify engagement across all digital landscapes. 6+ years spearheading data-informed creative strategies that consistently surpass industry benchmarks. Distinguished for seamlessly fusing technical mastery with visionary creativity to forge unprecedented possibilities in motion design.

CORE EXPERTISE

Strategic Vision

- Transform Concepts and Data-Driven Research into Compelling Visual Narratives that Drive Action
- Forge Technical Expertise with Creative Vision to Deliver Maximum Impact
- Unite Cross-Disciplinary Teams with Emerging Technologies to Catalyze the Evolution of Creativity

Motion Design Systems Development

- Develop Static Brands into Dynamic Experiences Through Comprehensive Motion Design
- Pioneer Advanced Animation Techniques Maximizing Impact Across Multiple Platforms
- Maximize Engagement and Efficiency Through Data-Driven Production Systems

Technical Mastery

- Advanced Motion Design: Expert in After Effects, Cinema 4D, Adobe Creative Suite, Figma
- "Full Stack" Production Expert: Animation Direction, Video Production, & Sound Design
- Creative Workflow Tooling: Leverage Generative & Custom Trained AI Models to Enhance Production Quality

PROFESSIONAL EXPERIENCE

2018-Present

Senior Motion Designer (Freelance)

Partnering with Leading Marketing Agencies Including Harbor and Upptic

Breakthrough Projects:

Upptic Analytics Platform (SaaS)

- Led flagship motion design for project managing hundreds of millions in advertising spend
- Reimagined complex analytics as cinematic 3D journeys through innovative motion design
- United data with creative teams by leading a strategic motion production workflow

GE Profile Smart Appliance Line

- Transformed complex brand guidelines into elegant motion system for national retail deployment
- Created fluid animations distilling complex features into intuitive experiences reaching thousands of daily shoppers

GolfLogix App UA Campaign

- Created highest-performing campaign: 75% conversion growth, 30% engagement across millions of views
- Engineered seamless fusion of polished UI animations with dynamic golf action

Gaming, App & Web3 Marketing Innovation

- MARVEL SNAP: Pioneered advanced 3D collectible character animation systems
- Axie Infinity: Transformed Web3 complexity into engaging social narratives
- Diablo Immortal: Created trend-driven visuals maximizing user engagement
- Multiple Top-Tier Gaming Brands: Optimized performance across social platforms by producing bespoke motion style guides and metric-driven video asset iteration.

Web Development & Digital Production

2013-2018

- Cultivated broad expertise across web development, digital media production, and UX design
- Developed foundation bridging technical implementation with user-centered design principles
